

TAKE A JOURNEY THROUGH OUR SITE

The Windbreaker Series

Despite the road being sealed in 1976, many still embarked on the journey across the unsealed road on the Nullarbor.

Betsy

Through the original window panels of the Old Garage you can see 'Betsy', whose car has broken down on the Nullarbor, with her fingers crossed.

Across The Nullarbor

'Across The Nullarbor' is filled with many historically and culturally significant elements of the Nullarbor history. Be sure to snap a photo in front of this one!

The Aussie Rock Legends

This mural of Aussie Rock Legends is a must-see favourite. Can you name them all?

Old Garage

The replica has many of the same aspects of the original garage, which was built in 1950. Visit the other side of the Old Garage in order to discover more Nullarbor history.

Our Artists

Pam Armstrong is the widely regarded Australian mural artist whose talent is behind the murals you find on-site. The iconic art celebrates the history of the Nullarbor and Australian caravanning culture. The accomplished landscape artist **Marty Powell** creatively used historic materials he found on site to bring an authentic feel of history to the modern Roadhouse structures he carefully crafted for us.
